

June 11, 2009

Dear Parents,

At Lincoln Hall, we ask that students give back to their community by performing community service hours. This means voluntary or free work that benefits someone else besides his/her family. The following are examples of types of community service your child can volunteer to do: helping at a religious organization, public library, recreational program sponsored by a community, nursing home, or school; doing yard work for elderly neighbors; and babysitting a neighbor's child. Of course, there are other places and possibilities that you or your child may think of volunteering.

We are asking for your help and support in this program. Please assist your child with ideas to complete their community service as well as guide them in filling out the attached form.

We are asking for each child to perform at least TWO hours of community service. Of course, your child can perform more. When your child completes the community service, as well as finishes filling out the form, please have him/her return it to his/her resource teacher.

We hope this program will be rewarding not only for our community, but for your child as well.

If you have any questions, please contact your resource teacher.

Thank you for your support.

Sixth Grade Team

COMMUNITY SERVICE HOURS

Name: _____

Resource Teacher: _____

Please complete the following form and bring it to your resource teacher by
September 11th.

Date of community service:

Place of community service:

Description of community service:

Hours completed:

Signature of an adult where community service was performed:
