

8th Grade Community Service

Our eighth grade students are asked to perform 10 hours of community service during the summertime. This means voluntary or free work (unpaid) that benefits someone else besides the student's family. The following are examples: helping at a religious organization, the public library, a community recreation program, a nursing home, a school, doing yard work for an elderly neighbor, or babysitting for a neighbor's child. Of course, there are other places and opportunities for volunteer work.

We are asking for your help and support. Please assist your child with ideas as well as guidance in finding volunteer opportunities and filling out the volunteer form. This form can be downloaded from the Lincoln Hall website or picked up at the school office. All 8th graders are expected to complete 10 hours of community service. This is an opportunity for students to give back to the community. We encourage the students to complete their volunteer hours during the summertime.

Please look on the Lincoln Hall website at *<http://lincoln.sd74.org/home/>* for the volunteer form and a list of places your child can volunteer in the community this summer.

**Thank you for your support,
The Eighth Grade Team**
